

<b>COURSE TITLE:</b>	MA in Screendance
<b>DURATION OF COURSE:</b>	<p>The MA programme has been designed to be studied over 4 terms of 12 weeks full-time (three terms from September to July plus another term from September to December). Taught classes will take place in terms 1, 2 and 3 (September to July). Term 4 will be dedicated to the independent research project for the dissertation module.</p> <p>Requests to study part-time will be considered individually on a case-by-case basis. Part-time study happens over 8 terms of 12 weeks (2 years from September to July plus another two terms from September to March). In this case, taught classes will take place in terms 1, 2, 3, 4, 5 and 6. Terms 7 and 8 will be dedicated to the independent research project for the dissertation module.</p>
<b>ENTRY REQUIREMENTS:</b>	<p>We are interested in prospective students with creative ideas, as well as a desire to make, watch and think about Screendance.</p> <p>Therefore the course will be open to candidates coming from diverse backgrounds. Technical filmmaking skills are a desired but not essential criterion for admission into the programme.</p> <p>The entry requirements are an undergraduate degree in Dance, Film, Arts, Media, Fine Arts, Performance, or similar. Equivalent professional experience of some three years standing to demonstrate creative and technical skills necessary to be successful in the programme may be considered in lieu of a first degree. In such cases, the school may ask applicants to complete a short piece of written work in order to ascertain that the student has the appropriate level of academic skills necessary to complete the programme.</p> <p>We welcome applications from imaginative artists, whether or not you hold formal academic qualifications. If you aim to graduate with a Master of Arts qualification must demonstrate confident writing skills in English.</p> <p>Each student will be selected based on their personal statement, showreel (a selection of short films) and interview (which could be done via Skype).</p> <p><b>Showreel</b></p> <p>You will be selected based on a collection of screendance pieces submitted via an online link (on Dropbox, Vimeo, YouTube or your own website, for example). Please include examples of film, video, moving image or installation work you have already made, across a small number of projects. These could be as director, choreographer, cinematographer, performer, collaborator, and others. You will also need to indicate the role you have undertaken on the production and any other relevant information. Each submitted item must have original titles and credits.</p> <p><b>Personal statement</b></p> <p>You should also prepare a Personal Statement (200 - 400 words), discussing your interest in Screendance, relevant experience or abilities, what you would like to achieve on the programme, your career aspirations, as well as why you think you are ready for a Master's programme and your reasons for choosing London Contemporary Dance School.</p> <p><b>Interview</b></p> <p>You will be required to attend an interview (which could be done via Skype). This is an opportunity for the School to learn more about you and your experience and interests, as well as about what you expect from the programme and how you intend to fund your</p>

	<p>studies.</p> <p><b>English language</b></p> <p>Candidates whose first language is not English need to demonstrate English language proficiency by submitting results from a recognised testing service, such as the International English Language Testing System (IELTS) Academic Test. The minimum score required is IELTS 6.5 (no less than 6.0 in any element).</p> <p>Candidates who need the IELTS for their visa application must ensure they take a UK Visa and Immigration recognised test. Check <a href="http://ielts.org">ielts.org</a> for recognised test centres.</p> <p><b>Tier 4 student visas</b></p> <p>Overseas students who require Tier 4 Student Visas must study full-time and complete their programmes within 4 terms (16 months). Part-time study is not possible.</p>
<b>COURSE OUTLINE:</b>	<p>This trailblazing MA programme subjects dance filmmaking to critical investigation while exploring the intersections between choreography and moving image. It will test and challenge your individual practice, bringing it into a contemporary critical context, encourage you to foster your professional connections in the industry and develop your understanding of programming and curation.</p> <p>As the only Masters in the world that currently specialises in Screendance, the programme is open to applicants from all corners of the world and will, as such, present you with the opportunity to lead and shape this flourishing art form.</p> <p>London Contemporary Dance School places a strong emphasis on creating a community of learning and on learner-centered teaching, particularly in seminars and personal tutorials based on your ideas, interests, skills and artistic practice.</p> <p>Screendance has wealth of history in the UK and, as a London Contemporary Dance School student, you will be part of the creative powerhouse for dance development, The Place.</p>
